

Maxim will be open the morning of your reception from 9:30 until 11:30 to meet your vendors (cake person, DJ etc.). Vendors must be finished setting up by 11:30. If this time doesn't work for your vendors the other option will be after Maxim staff arrives for the event (generally 2 hours prior to event start time). Any other arrangement will need Maxim management approval.

Your headcount must be phoned in 10 days in advance. Please have an adult count and a count for half price children ages 4-8. You can add after the 10 day count but you cannot decrease the count.

Please make sure your bridal party understands that they cannot bring alcohol on to Maxim property. This includes the parking lot.

If you wish to have leftovers you must bring in your own containers.

If your cake includes your one year anniversary cake please have your baker include a box for it. We do not have cake boxes.

If Maxim is not in use the day before your reception you may come in to decorate free of charge. If Maxim is being used you may still bring in your decorations the day before, show us how you want them placed and we will decorate your tables when we set up your reception.
